Questions to think about together

Why does Abigail take the blame?

Read Philippians 2:5-11. How is this similar to what Abigail did?

Abigail saw God at work in this bad situation. Are there any times you have seen God at work in a bad situation?

Abigail was full of wisdom from God. What do you think is the difference between being clever and being wise?

Are you facing a situation where you need to be wise?

What important bits do you remember from Sunday?
